Residents will, throughout the year, take on additional teaching responsibility until able to teach independently by the third trimester of the 2023-2024 academic year. Resident Teachers will report to either the Middle School (grades 5-8) or Upper School Head (grades 9-12).

All full-time teachers work as part of a teaching team to create an inquiry-based interdisciplinary program in which the academic disciplines are taught as systems and methods of thinking about significant content.
